

Skills Test & Getting Your License

You must be at least 16 years old to apply for a driver's license. Go on the DMV's website or call to schedule a skills test when you have met all of the requirements. Be sure to bring:

- Instruction Permit
- Parent or Guardian
- Driver Education Certificate (if applicable)
- Beginning Driver Experience Log
- Vehicle with Valid Registration and Insurance

The examiner will inspect the vehicle or safety and give you instructions on where to drive for the test. Serious traffic violations result in automatic failure. Examiners use a point system to grade other aspects of performance.

If you fail, the examiner will explain why and instruct you on how to take the test again. If you pass, you will have a new photograph taken for your full license.
